

Dear Year 4&5,

I hope you are all well and ready to complete some tasks for me! Here is the list of what I would like you to do today – there should not be anything here that you find too tricky but if you do need some support then let me know. All of the relevant documents can be found in our Google Classroom. Please set up your gmail account as per the instructions on the previous email. If you need us to re-send the instructions, please send an email to info@calpeschool.com

NUMERACY (both Year 4&5): CRACK THE CODE

Write the date and aim in your orange maths book. **Please remember to use a ruler or other straight edge to underline** (you can use the lid of a box, a bookmark, anything – but please do use a straight edge for underlining).

Aim: To add and subtract using column sums

Copy and complete each sum into your book – use vertical column addition and subtraction. Use a ruler or other straight edge for your answer lines. **Miss 5 boxes between each sum. If you have a calculator, check each sum as you go along.** If you make a mistake, please write the correct answer underneath the sum. If you do not have a calculator, don't worry.

Once you have the answers to the sums, match each number/letter to solve the message. Write the message underneath the sums in your orange maths book.

Take a photo (or photos) and send it back to me to check.

LITERACY: CONJUNCTIONS – Oranges in No Man's Land

Look at the list of conjunctions and how they are used. Complete the sentences using the best ideas and information that you can. Remember to include capital letters and full stops/exclamation marks where needed.

If you are going to complete the document by typing and then save the document using Word, please remember to type your name and then attach this file and send it back to me once the task is finished.

If you are going to print and complete the task, please remember to write your name, draw ruler lines to write on and then scan or send a photograph of the file and send it back to me once the task is finished.

If you are going to copy and complete the sentences into the yellow book, please remember to write your name, date and aim in the book (you can see the aim on the worksheet) and then take a photo (or photographs) of your finished work to send back to me.

ONLINE GAMES:

Abacus: Active Learn Maths game **4.18 or 5.18** – take a photo or screenshot of your final score to send to me.

Wordsmith: Common Misspellings – play stages 1, 2 & 3 at the minimum (stages 4 – 6 are optional). Please take a photo or screenshot of one level to send to me.

Hopefully the instructions are clear, but I will try to answer any questions or queries through the info@calpeschool.com email during the normal school day should you need any clarification. Please mark and check your children's work. If you can write 'year 1' in the subject, this will help it to reach me.

Many thanks,

Miss Carrie
